UPDATED CONDITIONS IN RESPONSE TO NOVEL CORONAVIRUS (COVID-19)

This information is current as at 6 April 2020 and replaces any previous guidance issued

The World Health Organisation (WHO) has officially characterised COVID-19 as a pandemic and warned travellers of the importance of preventing the transmission of COVID-19.

As a result of the outbreak, the Australian Government has imposed a number of restrictions on international travel and community activity.

Australian Futsal Association international tours will proceed, albeit they will be rescheduled to a more suitable time, when it is safer to travel.

As we reschedule tours, you will be given the option to travel on the rescheduled tour dates, or alternatively you will be offered a FULL CREDIT, to be used on a future tour or program. No cash refunds are applicable.
